DIRECTIONS FOR USE

Shake well before using.

Spray at a distance of 6 to 12 inches away from area being sprayed. Spray the tangled area and leave it on for 2-3 minutes before you work on getting the hair loosened. Slowly release the tangle starting from the bottom while working your way towards the body. Apply as needed to obtain tangle-free hair. Remove foreign objects as the hair gets freed. Detangles as you rub it in and keeps on working once foreign objects are removed. Reapply to the detangled area and comb or brush through until the hair is smooth and manageable. Do not spray in or around eyes. Do not spray on saddle area.
