

**Safety Data Sheet****SECTION 1 – IDENTIFICATION OF THE PRODUCT AND COMPANY**

- 1.1. PRODUCT NAME:** PYRANHA® SHINE BABY SHINE
- 1.2. PRODUCT DESCRIPTION:** Hair Care
- 1.3. MANUFACTURER:** Pyranha Inc.
6602 Cunningham Rd.
Houston, Texas 77041
www.pyranhainc.com
(800) 231-2966
- 1.4. EMERGENCY TEL:** CHEMTREC: 1-800-424-9300 or 1-703-527-3887

SECTION 2 – HAZARDS IDENTIFICATION

- 2.1. SPECIFIC HAZARDS:** Possible fire hazard by product vapors ignition (additional information is Given under section 7).
- 2.2. POTENTIAL HEALTH EFFECTS:** Please refer to section 11
- 2.3. HAZARDS NOT OTHERWISE CLASSIFIED:** N/A

SECTION 3 – COMPOSITION / INFORMATION OF INGREDIENTS

- 3.1. INGREDIENTS:** Water, Amodimethicone, cetrimonium chloride, trideceth-12, Glycerin, Propylene Glycol, Polysorbate20, DMDMHydantoin, PEG-12 Dimethicone, Aloe Barbadensis (Aloe) Leaf Juice, Hydrolyzed Silk Protein, Tocopheryl Acetate, Retinyl Palmitate, Vitamin D3 (cholecalciferol), Disodium EDTA, Fragrance, Triethanolamine.

SECTION 4 – FIRST-AID MEASURES

- 4.1. FIRST AID INSTRUCTIONS:**
- EYE CONTACT:** Make sure to remove contact lenses from the eyes before rinsing. Flush eyes immediately with plenty of water while occasionally lifting and lowering eyelids, for at least 15minutes. Seek medical attention from a specialist if irritation persists.
- INHALATION:** Remove to fresh air.
- INGESTION:** Never make an unconscious person vomit or drink fluids! Rinse mouth thoroughly. Seek medical advice and show the label when possible.

SKIN CONTACT: Rinse skin with water and mild soap. Consult a physician if irritation persists.

SECTION 5 – FIRE-FIGHTING MEASURES

| | |
|------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 5.1. FLAMMABLE CLASS: | N/A |
| Flash Point: | Not available, expected to be >158 °F / 70 °C, based on composition. |
| Autoignition Temperature: | Not determined. |
| Flammability Limits in Air: | Not determined. |
| 5.2. EXTINGUISHING MEDIA: | On large fires use dry chemical, foam or water spray. On small fires use carbon dioxide (CO ₂) dry chemical or water spray. Water can be used to cool fire exposed containers. |
| 5.3. SPECIAL PROCEDURES: | Self-contained breathing apparatus and protective clothing should be worn in fighting large fires involving chemicals. Use water spray to keep fire exposed containers cool. Determine the need to evacuate or isolate the area according to your local emergency plan. |
| Hazardous Decomposition Products: | Carbon oxides, traces of incompletely burned carbon compounds. Silicon dioxide. |

SECTION 6 – ACCIDENTAL RELEASE MEASURES

| | |
|-----------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 6.1. PERSONAL PRECAUTIONS: | Wear proper protective equipment. Observe all personal Protection equipment recommendations described in sections 8. |
| 6.2. RESPONSE TO SPILLS: | Prevent from spreading or entering drains, ditches or waterways by using sand, earth or other appropriate barriers. |
| Clean Up Methods: | Determine the need to evacuate or isolate the area according to your local emergency plan. Eliminate all possible sources of ignition. Very large spills should be contained by embanking, etc... procedures. Avoid sparks, flames, heat and smoking. Ventilate. Mop, wipe or soak up with absorbent material and place in appropriate container. Final cleaning may require use of steam, solvents or detergents. Dispose of saturated absorbent or cleaning materials appropriately, since spontaneous heating may occur. |
| Further Information: | The spilled product produces an extremely slippery surface, take precautions. |

SECTION 7 – HANDLING AND STORAGE

| | |
|----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 7.1. SAFE HANDLING: | Use with adequate ventilation. Avoid eye contact. Avoid inhalation of vapors. Avoid all unnecessary exposure. Keep away from food, drink and animal dishes. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking. |
|----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

7.2. SAFE STORAGE:

Keep only in the original plastic bottles in a cool, well ventilated dry area and protect from light. Keep containers tightly closed when not in use.

Precautions:

Static electricity will accumulate and may ignite vapors. Prevent a possible fire hazard by taking precautionary measures against static discharges. Keep container closed and away from heat, sparks and flame.

SECTION 8 – EXPOSURE CONTROL / PERSONAL PROTECTION
8.1. PERSONAL PROTECTIVE EQUIPMENT:**Respiratory Protection:**

In case of inadequate ventilation use suitable respirator.

Hand Protection:

No specific hand protection noted, but gloves may still be advisable.

Eye Protection:

Wear approved safety goggles.

Hygiene Measures:

Exercise good hygiene practice. Wash after handling, especially before eating, drinking or smoking. When using, do not eat, drink or smoke.

SECTION 9 – PHYSICAL AND CHEMICAL PROPERTIES
9.1. APPEARANCE:

White liquid

9.2. ODOR:

Characteristic

9.3. SOLUBILITY WATER:

Soluble in water

9.4. pH:

4.2

9.5. SPECIFIC GRAVITY (H₂O=1):

0.95

9.6. FLAMMABILITY (solid, gas):

Not applicable

9.7. BOILING POINT:

N/A

9.8. EVAPORATION RATE (H₂O=1):

< 1

9.9. VAPOR DENSITY (air=1):

>1

9.10. VAPOR PRESSURE:

Not determined

9.11. ODOR THRESHOLD:

None established

9.12. PARTITION COEFFICIENT:

n-octanol/water: none established.

9.13. DECOMPOSITION TEMPERATURE:

Not determined

9.14. VISCOSITY:

2600 - 2800 cSt

| | |
|-----------------------------------------------------------|----------------|
| 9.15. AUTO-IGNITION TEMPERATURE: | Not determined |
| 9.16. RELATIVE DENSITY: | Not determined |
| 9.17. MELTING POINT/FREEZING POINT: | Not determined |
| 9.18. FLASH POINT: | Not flammable |
| 9.19. UPPER/LOWER FLAMMABILITY OR EXPOSURE LIMITS: | |
| | Not determined |

| |
|--------------------------------------------|
| SECTION 10 – STABILITY AND REACTION |
|--------------------------------------------|

| | |
|------------------------------------------|------------------------------------------------------------------------------------|
| 10.1. CHEMICAL STABILITY: | Stable under normal temperature conditions and recommended use. |
| 10.2. OTHER: | |
| Materials to Avoid: | Strong oxidizing substances. |
| Hazardous Decomposition Products: | Carbon oxides and traces of incompletely burned carbon compounds. Silicon dioxide. |

| |
|-----------------------------------------------|
| SECTION 11 – TOXICOLOGICAL INFORMATION |
|-----------------------------------------------|

| | |
|--------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 11.1. ACUTE: | Not classified |
| Inhalation: | Inhalation is an unlikely route of exposure under normal temperature conditions and recommended use. Accidental inhalation of the product spray is unlikely to cause irritation of the nose and upper respiratory tract. |
| Skin Contact: | May cause skin irritation. Repeated exposure to the product is unlikely to produce allergy by skin contact. Exposure to this product is unlikely to result in phototoxic effects. |
| Eye Contact: | Accidental exposure of the eye to the product may result in eye irritation. |
| Ingestion: | Accidental ingestion of the product may cause irritation to the mouth and upper digestive tract. |
| Toxicological Tests: | No data is available regarding the finished product. |
| Additional Information: | Toxicological assessment of the finished product is available and will be sent upon request. |

| |
|--------------------------------------------|
| SECTION 12 – ECOLOGICAL INFORMATION |
|--------------------------------------------|

12.1. TOXICITY:

Environmental Fate and Distribution: Specific data regarding the finished product is not available. Complete information regarding the product ingredients is not yet available.

Environmental Effects: No data is available regarding the finished product. Complete information regarding the product ingredients is not yet available.

Fate and Effects in Wastewater Treatment Plants: No data is available regarding the finished product. Complete information regarding the product ingredients is not yet available.

| |
|--------------------------------------------|
| SECTION 13 – DISPOSAL CONSIDERATION |
|--------------------------------------------|

13.1. DISPOSAL: Avoid releasing into the environment. Dispose of waste and residues in a safe manner, in accordance with local and national regulations.

| |
|------------------------------------------------|
| SECTION 14 – TRANSPORTATION INFORMATION |
|------------------------------------------------|

14.1. HAZARD CLASS/DIVISION:

IATA: The product is not classified as dangerous goods for transport, according to the international regulation of the transport of dangerous goods (ADR/RID, IMDG and IATA-DGR).

Transportation by road or railway according to ADR and RID Remarks:
Not classified as dangerous goods according to ADR.

Transportation by vessels according to IMDG Remarks:
Not classified as dangerous goods according to IMDG.

Transportation by airplane according to IATA-DRG Remarks:
Not classified as dangerous goods according to IATA-DGR.

| |
|--------------------------------------------|
| SECTION 15 – REGULATORY INFORMATION |
|--------------------------------------------|

15.1. SAFETY, HEALTH AND ENVIRONMENTAL REGULATIONS:

TSCA (TOXIC SUBSTANCE CONTROL ACT):
All components of this product are listed on the U.S. Toxic Substance Control Act Chemical Inventory or are exempt from listing because a Low Volume or Polymer Exemption has been granted.

FIFRA (FEDERAL INSECTIDE, FUNGICIDE AND RODENTICIDE ACT):
This Product has not been registered by the U.S. Environmental Protection Agency. Pyranha, Inc. represents that this product qualifies for exemption from registration under the Federal Insecticide, Fungicide and Rodenticide Act.

| | |
|-----------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| CWA (CLEAN WATER ACT): | This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42) |
| CERCLA: | This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material. |
| CALIFORNIA PROPOSITION 65: | This product does not contain any Proposition 65 chemicals. |
| Safety Phrases: | S25 Avoid contact with eyes. S51 Use only in well-ventilated areas. |

| |
|---------------------------------------|
| SECTION 16 – OTHER INFORMATION |
|---------------------------------------|

| | |
|--------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 16.1. REVISION SUMMARY: | This SDS replaces the 1/15/19 MSDS. Version #3, Corrected Uniform Format. Revised: Sections 1-16 |
| 16.2. COMMENTS: | This information is furnished without warranty, expressed, or implied, except that it is accurate to the best of the knowledge of Pyranha, Inc. and is based on sound expert opinion. The data in this document relates only to the specific material designed herein and does not relate to use in combination with any other material or in any process.
