# CARE INSTRUCTIONS

## TOWELS

### WASHING & DRYING INSTRUCTIONS:

- Machine wash in warm water, on a normal cycle with a maximum temperature of 40°C (104°F).
- Use mild detergent and do not bleach.
- Do not use fabric softeners or conditioners since these will reduce the towels absorbency.
- Tumble dry on a low-medium heat with a maximum temperature of 65°C (149°F).
- Remove towels promptly to reduce wrinkling.
- Do not iron.
- Wash colours separately.
- Wash heavily soiled items separately from lightly soiled items.
